

South American zoos and nature centres with mustelids

List created by www.guinemustelids.org

Last Updated: 13/7/2021

Note: This list is significantly outdated, as we lack the personnel to keep up with how often exhibits change. Any updates we make are only adding locations, not removing them. So before planning a trip to any establishment, we recommended that you contact their office for confirmation on the animals they currently hold.
